FOR IMMEDIATE RELEASE

October 27, 2008, Scotts Valley, California.

Canepa Design announced today the opening of its new Motorsports museum and the expansion of its collector and exotic automobile sales showroom at its Scotts Valley location. The state-of-the-art facility also houses complete automotive restoration shops and the company provides full service, customization and vintage racing preparation services to its clients. The new museum and sales area showcase a wide variety of the world's most exotic and collectable automobiles, including Porsche, Ferrari, Lamborghini, Mercedes-Benz, as well as Hot Rods and Vintage racecars. The Museum is located directly above the sales area and focuses on historically significant racing cars from both the US and Europe. NASCAR, the Indy 500, Formula One cars raced by such greats as Richard Petty, Parnelli Jones, Dan Gurney, and Don Prudhomme. Open Monday through Saturday, guided tours for large groups.

About Canepa Design

Canepa Design specializes in the sale of high-end collector and investment quality automobiles to clients worldwide. The company also has full restoration, customization and concours level detail services available for its clients.

For over three decades Canepa Design has created stunning, personalized designs for European and American sports and luxury cars, SUV's, motorcycles, heavy trucks and custom enclosed trailers. Over these years, Canepa Design has become known for expertly combining classic design with advanced technology, and premium materials with superb craftsmanship, all with the goal of creating the ultimate vehicle ownership experience for Canepa clients.
